

LIVES end-of-summer event - 29.08.2024

LIVES Science, sports & drinks

The CIR-LIVES (UNIL) invites all LIVES-UNIL members to its end-of-summer event that begins with the general assembly and a moment of scientific exchange, and concludes with team sports on the campus and an apéritif at the lakeside.

Programme

- 14:00-14:40: General assembly of the CIR-LIVES UNIL
- 14:40-15:00: Coffee break
- 15:00-16:30: Science
 - Anatolia Batruch
"How **Replications** Can Be Useful to Improve Social Sciences"
 - Michael Grätz
"Social Science **Genetics** and Life Course Research"
 - Nicolas Sommet
"**Causality** as a Continuum of Plausibility Rather than a Dichotomy"
- 16:45-17:45: Sports - beach volley, football, croquet on the UNIL Campus
- 18:00: Drinks at the lakeside

In order to plan the *aperitif* and the sports material, we kindly ask you to [register on LIVES website](#) until 20 August 2024.
