Meeting ID: 2649352310
Code: LIVES-W

Organizers: Iván Canzio, Mengling Cheng, Aurélie Chopard-dit-Jean, Fiona Köster

Outline of the program:

This advanced research seminar covers tips and challenges for publishing in life course journals and the interdisciplinary research (dis)advantages. For this purpose, we have two presenters that will share their experience and expertise with us.

- In the **morning session**, Juho Härkönen will teach us, from his experience as the editor-in-chief of *Advances in Life Course Research*, about the details of publishing life course papers. Due to his publication record across different disciplines, we will also take some time to talk about how to manage the need for interdisciplinarity across our professional trajectories.
- In the **afternoon session**, Matthias Kliegel will discuss with us about the challenges and opportunities of interdisciplinary research from a practical point of view, given his experience as editor-in-chief of an interdisciplinary journal (*European Journal of Aging*) and his contributions in several interdisciplinary teams

Some details about our amazing speakers:
